All money allocated to Kentucky and its subdivisions will be split 50/50 between a state fund and a subdivision fund. Subdivisions will be able to decide how they want to divide the funds. If no decision is made, a grant making trust will be established. Grants will be made according to KRS 15.291(5). This will include \$22.7 billion for states and their subdivisions. The amount allocated to Kentucky vs. other states is determined by how many subdivisions opt in and when. If the city does not join the settlement, we cannot participate in the funds. Commissioner Halsey made a motion for the city to join the opioid settlement; Commissioner Epperson-Stanley seconded the motion; all in favor; motion passed.
- **Mayor:** The City has been thinking about how to spend the American Rescue Plan Monies. All Covid funds have been exhausted. Premium pay has been allocated to Chief Bruner, Officer

Lawson, Clerk Centers, and maintenance man Warren Middleton. There is a reporting form regarding these funds that will need to be submitted in April 2022 to the Treasury Department. The mayor has found out that we can make the lease payments for the new police patrol vehicle. The city can also purchase a generator for the police department for severe weather emergencies. City Hall currently has a generator in place. He has requested the maintenance man work on cleaning the basement at the police department to ready for a storm shelter. This is a work in progress and the mayor asked the public if anyone has any suggestions to please come forward.

- **Public Safety:** Commissioner Halsey stated that our police department along with EMA, have discussed alerting residents of issues by different methods such as media, cell phone alerts, newsletters, etc.... EMA stated that they have surplus two-way radios that would allow communication between storm shelters. We need some trauma first aid kits for the shelters. Protocols are currently being worked on and established for severe weather.

He is still waiting on an estimate from James Miles on the Angle Alley project, and he will have to file an extension on that.
